JAMES FIERCE

CINEMA LOUNGE HOSTED BY REALITYCHECK

A handy little thing. To the untrained eye it looks like a normal film projector, but push this button on the side and the lens becomes a telescopic cannon armed with sixteen rounds of high explosives. The reels act as magnetic razor sharp throwing discs and this little device will translate 153 different languages simultaneously.

ROOM 3 THE FINAL EXCURSION OF OUR RETROSPECTIVE PARTIES

WE PRESENT

ENERGY FLASH PART III 1995 - 2000
